One spot solution for lawyers to manage their cases, view them , maintain profile, add case, view calendar for next hearing dates.

Stack used : Angular.js, SQL queries, AWS.

Link : <https://vakildesk.com/>

♦ Job Platform for girls

Complete job portal for girls. Company can add jobs, events and clients can apply to jobs, follow jobs, get newsletters, pay for events to be part of them, automation to get recommended jobs. (Still on testing version)

Stack used : Angular.js, Node.js, MongoDB, Express.js, AWS load balancing and EC2.

Link : <http://job.infinityshark.com>

♦ Suisse Coin

Bitcoin site, and e-wallet for crypto coins. Coming to market soon.

Stack used : React Native, Redux for state management.

Link : <https://suisse-coin.com/>

New learning : Completed the Hybrid app within 5 days as per the condition of the client. Learned how to manage pressure and use my resources and manage time.

♦ Shopping Portal

Providing a complete online shopping portal for one of the startup. From login system to payment system. cart, favourites searching etc.

Stack used : Angular.js, Node.js for real time messaging and notifications, AWS

Link : <https://www.halanx.com>

♦ **Gym Site**

Freelanced gym site for an Austrian Client.

Stack used : HTML5/CSS3 , Bootstrap, Font Awesome, PSD to HTML

Link : <http://www.kingkongclub.at/>

♦ **Personal Assistant**

Developed an application that record all task for user, already happened or about to happen. Can maintain complete profile, get latest feeds on topics you want and can add friends and see each others newsfeeds.

Stack used : Angular v5, Materialize, AWS.

New learning : Customising calendar with event management via reactive forms.

♦ **Crypto coin wallet**

Bitcoin wallet for android and iOS platform.

Stack used : Ionic and Apache Cordova.

Links : <https://play.google.com/store/search?q=emollet+coin&c=apps>
<https://itunes.apple.com/us/app/the-emollient-coin/id1306196633?ls=1&mt=8>

♦ **Fella Feed.**

This system analyses your feedbacks and provides you with a curated list of suggestions which would Boost Your Business in a stipulated amount of time.

Stack used : Angular.js

Link : <http://fellafeeds.com/>

♦ **Podcast site.**

Freelanced Podcast site, one can add podcasts and logged in user can buy different plans and hear to podcasts accordingly.

Stack used : Angular.js, Node.js, Express.js, MongoDB, AWS EC2 linux instance.

Link : <http://www.perspectico.com/>

♦ **Online Portfolio**

Created an online portfolio to showcase my skills and some of my previous works.

Link : <http://mukuljuneja.com>

♦ **Crypto Poker**

Developed complete Crypto poker application front end website as a freelancer over React.js managing state management via Redux. As well as incorporating Internationalization.

Stack used : React.js and Redux.js

♦ **Angular.js and Java Script Instructor.**

Served as Angular.js and Java Script instructor as corporate trainer at Coding Wizards for a period of 2 months. Helped them create plugins and understand the use of tech.

♦ **Judged various technical events for institutes**

Judged various technical events. One of the recent one was for a Niti aayog sponsored Robotics competition.

ACCOLADES

Curricular

- ◆ First place in Inter school Science Exhibition, in 2012.
- ◆ First place in Interclass Science Competition, in 2012.
- ◆ First place in Inter-School Math's Quiz, in 2013.
- ◆ Second place in National Mathematics Olympiad, in 2013.
- ◆ Second place in National Science Olympiad, in 2013.
- ◆ Second Place in India robotics challenge (zonal).

Co-Curricular

- ◆ Head Boy of DAV.P.S
- ◆ President of Computer Society of DAV.P.S.
- ◆ Chairman of Computer Society of India (College Chapter).
- ◆ Chairman of TechHub (College chapters)
- ◆ Bronze Medalist Badminton tournament (Zone).
- ◆ Served as technical speaker on multiple occasions.
